**To Whom It May Concern:**

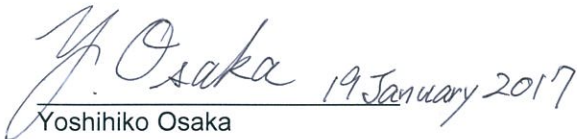

Mitsubishi Heavy Industries Engine System Asia P/L has been dealing with Perfex Group since 2007. In our dealings and operations, we have purchased equipment, parts and have also engaged their consultation and services.

We have found the level of quality to consistently be of the utmost standard over the last 10 years, in terms of the company's technical advice and professionalism, product quality, delivery timeliness, and after sales support.

As a partner supplier of a key component of our product, Perfex Group has displayed the attitude and ability to match our ethos of quality and meet our requirements. Apart from the quality of products made, this is also displayed in the extent of commitment from Perfex after sales department, which at times are required to travel overseas on short notices, to assist us in servicing at site.

Finally, we have found Perfex Group to be very customer-orientated and will try every attempt not to disappoint but make us a happy customer, which we truly are when dealing with them.

Sincerely,

  
Yoshihiko Osaka

General Manager (Procurement & Engineering Department)  
Mitsubishi Heavy Industries Engine System Asia Pte. Ltd.
